

ATTENTION: RADIO ADVERTISING DEPARTMENT

Please advertise the NOTICE OF INTENT TO APPLY HERBICIDES on your radio station in three spot messages per day on two consecutive days between May 5, 2014 and May 19, 2014:

NOTICE OF INTENT TO APPLY HERBICIDES

The New England Central Railroad will spray its right-of-way for weed control, using a track mounted truck sprayer with a spray pattern totaling 20 feet. NECR's railway passes through the following towns in the listening area:

Putney, Dummerston, Brattleboro, Vernon, Alburgh, Swanton, St. Albans, Georgia, Jericho, Williston, Milton, Colchester, Essex Junction, Winooski, Burlington, Richmond, Bolton, Duxbury, Waterbury, Middlesex, Montpelier, Berlin, Northfield, Roxbury, Granville, Braintree, Randolph, Bethel, Royalton, Sharon, Hartford, Hartland, Windsor, Rockingham, Bellows Falls, Westminster

Spraying will take place on or about May 19, 2014.

A request for permission to use herbicides has been submitted to the State of Vermont Commissioner of Agriculture.

The following herbicides will be applied in liquid form: Accord, Esplanade 200 SC, Streamline, Oust Extra

Landowners along the right-of-way who have private water supplies or other sensitive areas should contact Grover Engineering, Huntington, Vermont, at (802) 434-2989.

For further information or complaints, contact the Vermont Department of Agriculture, 116 State Street, Montpelier, VT, phone (802) 828-2431.
